

Wall Mounted Computer Tables

Utilize your walls! GrafcO wall mounted tables are designed to straddle horizontal cable conduit and electric outlets. Fully "off the floor," they do not need to be moved for cleaning or waxing.

Available with Flip-top, J-Channel, or no Cable management

High-impact resistant rounded 3mm PVC edging

With no vertical legs, wall mount can straddle pre-existing electrical Conduit and outlets

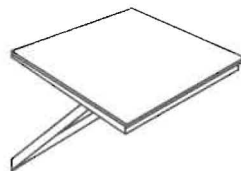

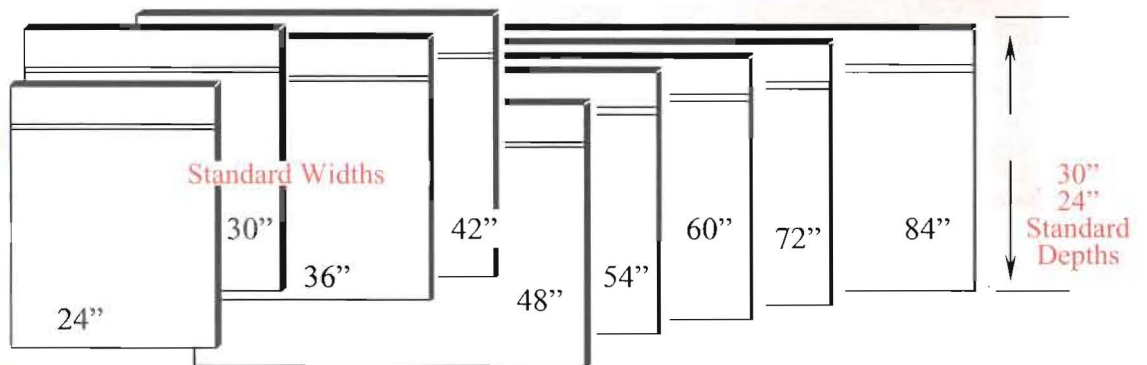

Integrated, fully welded Steel frame

Completely off floor: you can clean underneath

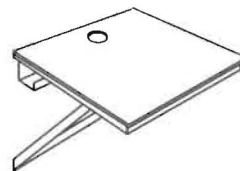

IMPORTANT: A successful installation requires qualified installers, proper fastening methods, and walls fully capable of supporting a fully-loaded table

GRAFCO DESIGN TIPS

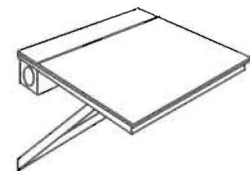

Use PENTAGON shaped top to get around corners without dead space
